

Belief

Because we believe in research-informed teaching...

Action

our staff participate in ongoing professional learning to keep up with the latest evidence in learning and behaviour.

Belief

Because we believe in the science of learning and that the working memory is only able to hold small amounts of new information...

Action

we plan lessons that are systematic, built on prior learning and explicitly teach the learning intention with minimal distractions and variations.

Belief

Because we believe that learning happens best when new knowledge is built on prior knowledge...

Action

our students regularly review and revisit key concepts to strengthen memory and understanding.

Belief

Because we believe that all students can achieve excellence when held to high expectations...

Action

our students are challenged with rigorous content and held accountable for putting in their best effort.

Belief

Because we believe that effective classroom management creates an optimal learning environment...

Action

our classrooms are built on strong relationships, shared expectations, routines and collective responsibility.

Belief

Because we believe that decoding is the foundation of reading success...

Action

our P-2 students receive a daily, systematic synthetic phonics approach to instruction.

Belief

Because we believe that students grow by reading rich, complex texts...

Action

our Grade 3–6 students are challenged with high-quality literature that develops the knowledge, character, and values they need to connect with the world.

Belief

Because we believe confident writing comes from consistent practice...

Action

we guide students through a structured approach to strengthen their skills and communicate effectively.

Belief

Because we believe in a structured approach to learning mathematics...

Action

we teach it sequentially and embed retrieval, fluency, understanding, reasoning, problem solving, and hands-on materials.

Belief

Because we believe in the importance of vocabulary knowledge...

Action

our students revisit key words across subjects, using them in speaking and writing to strengthen retention.

Belief

Because we believe that timely and specific feedback improves learning...

Action

our students receive feedback that focuses on effort, growth, and clear next steps.

Belief

Because we believe learning should be active and student-centred...

Action

our students participate in projects and activities that encourage collaboration, creativity, and critical thinking through hands-on tasks.

Belief

Because we believe that a strong sense of belonging supports learning and growth...

Action

our students feel safe, respected, and connected within a welcoming school community that celebrates diversity.

Belief

Because we believe that our school values create a strong and positive school culture...

Action

we all consistently show kindness, take ownership of our actions, and approach teaching and learning with pride and optimism.

Belief

Because we believe in fostering lifelong learners and global citizens...

Action

our students are offered diverse extra-curricular and leadership opportunities to explore their passions and talents.

Belief

Because we believe that learning is strengthened through partnerships with families and the wider community...

Action

our students, parents, and staff work together to support student growth, celebrate achievements, and foster a welcoming, inclusive school culture.

Belief

Because we believe a growth mindset builds resilience...

Action

our students are supported to persevere, learn from setbacks, and keep trying even when tasks feel difficult.

Belief

Because we believe caring for the environment is a shared responsibility...

Action

our school community is committed to adopting sustainable practices, making thoughtful choices, and becoming advocates for a greener future.

Belief

Because we believe in the importance of students learning about Aboriginal and Torres Strait Islander histories and cultures...

Action

we provide cross-curriculum opportunities to deepen their knowledge and understanding about the world's oldest continuous living cultures.

Belief

Because we believe self-efficacy and teamwork are key to student growth...

Action

we provide opportunities for multi-age and team-based activities to develop cooperation, goal-setting, and personal and social skills.
